Subject: General Disclosure – Business Updates – Commencement of Feed- Grade Dicalcium Phosphate (DCP) Production:
Ref: SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015:

Script Code: SHIVAM | Script ID: 544165

Dear Sir / Madam,

Pursuant to the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR Regulations") and other applicable rules, regulations, circulars, and notifications issued by the Securities and Exchange Board of India and the Stock Exchange(s), the Company hereby wishes to inform the Stock Exchange and the stakeholders about the commencement of Feed-Grade Dicalcium Phosphate (DCP) Production – Expansion of Existing Feed Phosphate Business into Manufacturing, the details of which are as below:

Shivam Chemicals Limited is pleased to announce the **commencement of Feed-Grade Dicalcium Phosphate (DCP) production** under Phase I at the manufacturing facility of its subsidiary, **Shivam Chemicals & Minerals Private Limited**, located at **Dahej, Gujarat**.

The Group has an established presence in the **feed phosphate business through its distribution and sales activities**. The commencement of DCP production strategically expands this business by adding **in-house manufacturing capabilities** to the Group's existing sales and distribution platform.

The new manufacturing capability complements the Group's **Hydrated Lime manufacturing operations, which have an installed production capacity of approximately 5,000 MT per month**, and further broadens its manufacturing portfolio. Dicalcium Phosphate is an important source of phosphorus and calcium used in animal nutrition and feed formulations. In-house DCP manufacturing will enable the Group to progressively strengthen its participation across the **feed phosphate value chain**.

SHIVAM CHEMICALS LIMITED

The facility represents **Phase I of the Group's planned development of its feed phosphate manufacturing business** and establishes a platform for further expansion in this segment.

This development aligns with the Company's strategy of **strengthening its existing businesses through manufacturing integration, broadening its product portfolio and progressively increasing its presence in value-added products**.

The Company will keep stakeholders informed of further material developments relating to the expansion of its feed phosphate manufacturing business in accordance with applicable regulatory requirements

Further material developments shall be communicated in accordance with applicable regulatory requirements.

Thanking you,

Yours faithfully,

For Shivam Chemicals Limited
